

The Bisera

Welcome to the Bisera, a modern floorplan that is generous with space and luxurious design features.

For added convenience, and in the name of luxury, the flexible floorplan offers a range of living options to suite a wide variety of families. A large bedroom with built-in robe and ensuite located at the front of the home along with the formal lounge room has the potential to be a great guest suite, a teenagers' retreat, or choose to have the space as a master suite if you prefer separate sleeping accommodation.

The other three bedrooms are located in a separate wing at the rear of the home. The stunning master suite is a true parents' retreat featuring a beautiful ensuite with twin vanities and an opulent walk-in dressing room. There are two more bedrooms located in the rear wing of the home, both with built-in robes and access to the main bathroom with bath.

The massive kitchen with large island bench and walk-in pantry looks out over the open-plan living and dining space where stacker doors open out to a covered alfresco area that is great for entertaining friends or enjoying family dinners.

A separate laundry with external access and a double car garage complete the floorplan for the spacious and flexible Bisera. Complete the picture and imagine plush carpets in the bedrooms, luxurious natural tiles in the bathrooms and stunning tapware throughout and the Bisera is the gorgeous modern home you have always dreamed of.
